

PLEASE JOIN US FOR

# AFTER YOU: *The Ripple Effect* GALLERY

STUDENT SHOWCASE

*Honoring lives. Amplifying voices.  
Inspiring change.*

Join us for an inspiring evening as students showcase their powerful work through the **After You Gallery**, a visual storytelling exhibit exploring the impact of gun violence on families, friends, and communities.

Through photographs, interviews, artwork, and personal narratives, students have captured stories of love, loss, resilience, and healing—demonstrating how one life continues to affect countless others long after they are gone.

This meaningful event invites community members to reflect, connect, and engage in conversations that promote awareness, healing, and hope.
